

**NATURAL BRIDGE**  
**CLASS I SCENIC-RECREATIONAL STATE NATURAL AREA**

**COUNTY:** Franklin

**OWNERSHIP:** State of Tennessee

**7.5' QUADRANGLE:** Sewanee

**ACREAGE:** 3 Acres

**PHYSIOGRAPHIC PROVINCE:** Cumberland Plateau

**YEAR DESIGNATED:** 1973

**DESCRIPTION:** Natural Bridge is a three acre natural area located in Franklin County. Natural Bridge is a 25 feet high natural sandstone arch with a span of 50 feet that provides a scenic overlook of Lost Cove. There is a wet weather spring associated with a rock house located behind the natural bridge. The spring probably contributed to the formation of the arch. Lost Cove is a large karst formation on the dissected section of the Cumberland Plateau. It is essentially a giant sinkhole. Lost Creek flows into the valley and disappears into Lost Cove Cave at the Big Sinks and re-emerges as Crow Creek from Buggytop Cave within Mr. & Mrs. Harry Lee Carter State Natural Area. The site also has been referred to as Sewanee Natural Bridge as it was once owned by the University of the South in Sewanee. The natural area is a part of the South Cumberland Recreation Area.

**SITE MANAGEMENT:** South Cumberland Recreation Area, Route 1, Box 2196, Monteagle, TN 37356, phone (931) 924-2980. Division of Natural Heritage, 401 Church Street, 14th Floor L&C Tower, Nashville, TN 37243-0447, phone (615) 532-0431.

**PUBLIC ACCESS:** Public access allowed; parking and a short hiking trail is provided. The natural area is operated under Tennessee State Parks.

**DIRECTIONS:** Natural Bridge is located south of Sewanee. The natural area is accessed via Highway Alt. 41. In Sewanee turn south onto Highway 56 and proceed 2.5 miles to Natural Bridge Road. Turn left onto Natural Bridge Road and proceed ½ mile to the parking area.
